KIA - GENERAL LEGAL SERVICES

The Authority was created to provide a mechanism for funding the construction and acquisition of infrastructure projects by governmental agencies in the Commonwealth. In order to accomplish this objective, the following loan and grant programs are administered by the Authority:

Fund A - Federally Assisted Wastewater Revolving Loan Program

This program provides low interest loan financing to local wastewater treatment and collection facilities that qualify under the U.S. Environmental Protection Agency (EPA) requirements as outlined in the Clean Water Act.

Fund B - Infrastructure Revolving Loan Program

This state sponsored program provides low interest loans for construction or acquisition of all types of infrastructure projects.

2020 Water Service Account

This state sponsored program uses both grant and loan funds to finance water facilities which provide service to households which do not have access to safe drinking water, encourage merger and consolidation of systems, and encourage the increased financial, managerial, and technical capacity of systems that provide service. The 2000 Kentucky General Assembly appropriated \$50,000,000 for this program all of which has been awarded as grants for drinking water projects. This program has not received additional funds in subsequent sessions of the General Assembly.

Fund C - Governmental Agencies Program

This pooled loan program uses conduit financing to fund infrastructure projects for local governmental agencies that are unable to economically achieve access to funding through conventional means.

Fund F - Drinking Water Revolving Loan Fund

This program provides low interest loans to finance local drinking water treatment facilities that qualify under the EPA requirements as outlined in the Safe Drinking Water Act.

SPAP - Special Appropriation Grants

The Kentucky General Assembly has specially appropriated, by budget line item, grants for water and wastewater infrastructure projects identified by the Area Water Management Councils in the Water Resource Information System.

In addition the Authority provides administrative support for the disbursement of Coal Severance Tax funds used to finance water and wastewater projects. For additional information on the Authority or its programs, please see the web site at:
